Alphabet (vowels in red, consonants in blue)	Pages 4-10
Initial blends (green)	Pages 11-17
Vowel blends (orange)	Pages 18-24
Final blends (purple)	Pages 25-31
Further blends (as above, plus extra longer blends in brown)	Pages 32-39

Each category of cards is organised in pages as follows:

Picture & letters (of key sound), picture only, and finally letters only.

(not real size)

Available separately is Set 2 of the Phonics cards: 130+ A5 SIZE TEACHER CARDS

Each category of sounds is repeated in A5 size for whole class or small group work. (See page 5).

Print the chosen pages onto card.

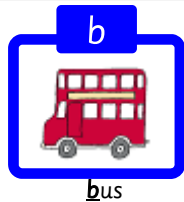

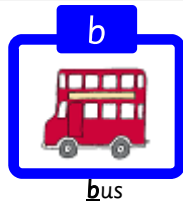

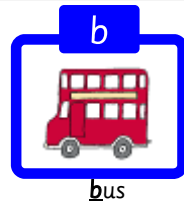

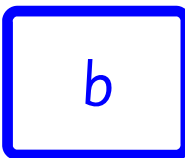

For a more durable finish, laminate each page before cutting out the individual cards.
(For printers with a 'no margins' setting the pages will print right up to the edges).

Small Cards

Snap / Find A Pair / Matching cards

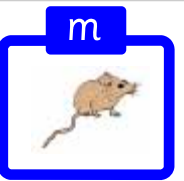

You can do this using many different combinations of cards—see below for examples (not real size).

 <p>bus</p>	 <p>bus</p>	 <p>bus</p>			
Simple Snap or Find A Pair - learn the sounds		Snap or Find A Pair - practise the sounds		Match cards - recall the sounds	

 <p>grapes</p>	 <p>grapes</p>	 <p>gift</p>	 <p>gift</p>
Use two or more categories of cards			

Spelling activities

To make words use a combination of categories e.g. alphabet + vowel blends etc.

 <p>zebra</p>	 <p>moon</p>	 <p>mouse</p>	<p>To make a game - spread out the cards face down on the table and each player takes five cards. They take turns to pick another card and, as soon as they can, to make a word. When all the free cards have gone the winner is the player with the most words.</p>
Match cards - to make words			

 <p>worm</p>	<p>work world word worship worth worst</p>	<p>In a strange, distant <u>world</u> they worshipped all <u>worms</u>. People <u>worked</u> hard to buy them. They were <u>worth</u> a lot of money and <u>word</u> of mouth told where the <u>worst</u> and best ones could be bought.</p> <p>List words in the same family Then make up sentences or stories. Draw pictures to go with them.</p>

Available separately is Set 2 of the Phonics cards: A5 SIZE TEACHER CARDS:
(See page 5 for a sample)

These can be used to introduce the sounds to a whole class or to small groups. The dotted line shows where a fold can be made to hide the letters or the teacher can cover the letters with their fingers and then reveal them when the correct answer is given by the class.
