PHONICS

TIPS

Use to introduce new sounds to a class or to small groups

Use at home to learn:
'a sound a day or week'

PHONIC CARDS

- Simple and clear
- Easy and quick to make
- Colour-coded
- Part of National Curriculum
- Dyslexia-friendly
- Large size cards

To go direct to pages click on the page numbers below: (Full index on page 2).

A5 SIZE TEACHER CARDS: There are five categories of colour-coded cards (Silent letters (grey))

Alphabet (vowels in red, consonants in blue)

Pages 3-15

Initial blends (green)

Pages 16-29

Vowel blends (orange)

Pages 30-42

Final blends (purple)

Pages 43-56

Further blends (as above, plus extra longer blends in brown)

Pages 57-71

These can be used to introduce the sounds to a whole class or to small groups. The dotted line shows where a fold can be made to hide the letters or the teacher can cover the letters with their fingers and then reveal them when the correct answer is given by the class.

They can also be used at home by parents to introduce 'a sound a day or week'.

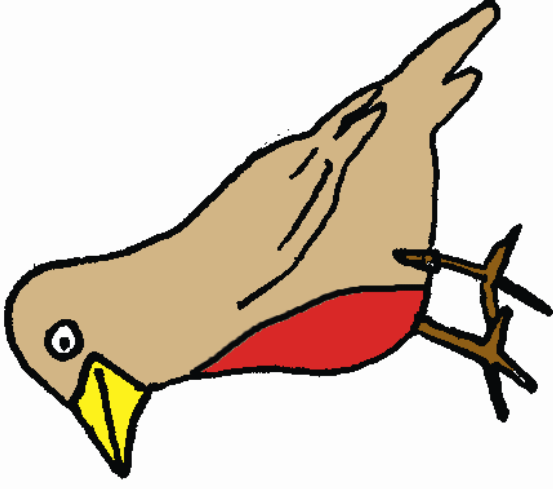

Available separately is Set 1 of the Phonics cards: 350+ SMALL CARDS (See page 4). Each category of sounds is repeated in small card size for use as reference cards or for a variety of games and spelling activities.

Print the chosen pages onto card.

For a more durable finish, laminate each page before cutting out the individual cards.
(For printers with a 'no margins' setting the pages will print right up to the edges).
